According to the requirements of the Federal Food, Drug, and Cosmetic (FD&C) Act: Manufacturers and processors must register their facilities with the FDA and renew their registration every two years, including any updates to the product and its ingredients. If the FDA determines that cosmetics manufactured or processed by a registered facility has the potential for serious adverse health sequences, the FDA has the authority to suspend the facility's FDA registration.

Note : Under Section 607 (c) (5) of the FD&C Act , product updates are required every year , including ingredient updates and discontinuation updates .

Under Section 607 (a) (2) of the FD&C Act , registered facilities must be renewed every two years

This certificate only represents that the registered agent has registered the FDA for the above company, and does not represent the FDA endorsement.
